

## NYCPS Vendors: School Garden Supplies & Garden Education Providers

This is an evolving list of currently known NYCPS vendors that provide items related to furnishing and/or equipping an outdoor classroom/school garden and represents information shared with GrowNYC from NYCPublic Schools teachers. We've inputted the information available to us, but each school must work with their lead budget person to follow specific procurement procedures (for example, even if a company has a NYCPS vendor number, if they are not a contracted vendor, you'll need to get multiple bids). If you know of an additional company that is a NYCPS vendor and provides equipment for school gardens/outdoor classrooms, please send an email [schoolgardens@grownyc.org](mailto:schoolgardens@grownyc.org) to share the information so we can add it to the list.

\*Procurement Tip: If you are a NYCPS school spending under \$5,000 with either an MWBE (Minority and Women Owned Business Enterprise) vendor or with a contracted vendor, there is no bidding required.

GrowNYC School Gardens does not endorse any one company listed here. Companies listed here are for information sharing purposes only.
